

BINDUSHREE B S

Aspiring Software Developer | BCA Final Year Student

Phone: +91 9110452767 | Email: bindhus570@gmail.com | Location: Tiptur, Karnataka
LinkedIn: linkedin.com/in/bindushree-bs-585607403 | GitHub: github.com/bindhus570-code

PROFESSIONAL SUMMARY

Passionate BCA final-year student with a strong foundation in Software Development and Machine Learning. Experienced in building practical applications like Crop Recommendation Systems and IoT-based hardware. Skilled in Python and eager to leverage technical expertise in a professional IT environment.

TECHNICAL SKILLS

Languages: Python, C, Java (Basic), Embedded C
Web & Database: HTML, CSS, MySQL
Tools: Arduino IDE, Streamlit, MS Office

ACADEMIC PROJECTS

1. Crop Recommendation System (Machine Learning)

- Developed a predictive model using Python and Scikit-learn to suggest optimal crops based on soil (N, P, K) and weather conditions.
- Built a web interface using Streamlit for real-time data input and prediction.

2. Smart Dustbin using Arduino (IoT)

- Created a touchless waste management system using Ultrasonic Sensors and Servo Motors to promote hygiene.
- Handled hardware-software integration using Arduino IDE and Embedded C.

3. AI Chatbot

- Designed a rule-based chatbot using Python to handle user queries efficiently through basic NLP techniques.

WORKSHOPS & CERTIFICATIONS

Workshop: Cloud Computing & IoT

Nov 2024

GFGC Tiptur (Department of Computer Science & IQAC)

- Explored Cloud infrastructure basics and IoT device connectivity.
- Python Programming Certification
- Web Development Basics Certification

EDUCATION

BCA (Bachelor of Computer Applications)

2023 - 2026 (Expected)

GFGC Tiptur, Tumkur University

PUC

Completed 2023

Govt Girls College, Tiptur

SSLC

Govt High School, Biligere

Completed 2021

STRENGTHS

- Quick Learner
- Analytical Thinking
- Effective Communication

LANGUAGES

- Kannada (Native)
- English (Professional)
